What a fantastic week we had last week. It just goes to show how using our five *You Can Do It Keys* really helps us to achieve great things. The confidence that the students gained through their performance and participation in *Lollies* was simply amazing, they have realised that it takes commitment and hard work to achieve great results.

*Book Week* was another highlight of last week with so many students and staff dressing up as characters from their favourite books. It was wonderful to see so many parents, carers and friends come along and enjoy the morning as well.

We have some of our students performing at the Armidale Community of School Concert tomorrow night which will be yet another highlight at our school. Please remember that the children participating are staying behind at school tomorrow afternoon and arriving at the concert by bus.

Please ensure that all money is at school by Thursday for swimming school. The school has heavily subsidised this opportunity for your children and it would normally cost a lot more than $35. This is a very important skill for your children to have. It could very well save them in the future or someone else close to you.

The P&C will be holding a Father’s Day stall on Thursday and Friday of this week. Please see the information for products and prices in the newsletter. Thank you to the ladies that organised the Sausage Sizzle for Lollies last week.

### Confidence

Great Job Last Week Drummond Memorial School!

Everybody across the whole school used each and every one of our five keys to success and happiness. From speaking and singing **CONFIDENTLY** on stage, to being **ORGANISED** with costumes and arriving on time. Students were **RESILIENT** during preparations to the concert and were able to handle the variations to their routines. Even though we did at times get a little sick and tired of practicing, our students were **PERSISTENT** and they never gave up. We used our **GETTING ALONG** keys to help and support and congratulate our fellow performers.

Super proud everyone. It was a marvellous performance that showed just how clever you all are at using your 5 keys to success and happiness.
